## **100 New Jobs Coming to Cadillac Area**

*McManus Announces State Grant to Aid Four Winns Boat Expansion*

(LANSING) – Cadillac-area residents and the local economy will soon benefit from 100 new jobs thanks to a Michigan Economic Development Corporation Community Development Block Grant, Sen. Michelle McManus, R-Lake Leelanau, announced today.

“I am pleased to announce that so many new jobs are coming to the Cadillac area,” said McManus. “This is another example that positive things happen when state and local governments work together.”

Earlier today, the Michigan Strategic Fund Board approved a community development infrastructure grant for the city of Cadillac for \$810,000. The grant was requested by the City of Cadillac for construction of a new public road (including water and sewer) and a public parking lot to serve the expansion needs of Four Winns Boats, LLC. The project is expected to create 100 new jobs.

Four Winns Boats is the world’s largest manufacturer of recreational boats, currently manufacturing 27 different models of fiberglass boats. Four Winns plans to expend \$11.1million in private investment on building expansions and machinery and equipment.
